

Burgon & Ball

SHEFFIELD ENGLAND

GREENER GARDENING

new product press release May 2009 1 of 3

A stylish way to the good life
Compost Bin & Compostable Liners

This striking **Compost Bin** from Burgon & Ball, in celery green enamel, is good looking enough to warrant a space on your kitchen work surface. So there will be no excuse for not scooping every shred of compostable waste – from peelings and tough old outer cabbage leaves to tea bags and crunched up egg shells – into the bin for composting.

Many biodegradable compost liners require the temperatures of industrial composters to break down. To make home composting even easier Burgon & Ball have launched a totally **home compostable bin liner**. After a few days simply fold the top over, lift out of the bin and carry to the compost heap.

Compost Bin RRP £16.95

Compostable Bin Liners (pack of 10) RRP £3.95

Available from all good garden centres. For stockist and mail order information see website www.burgonandball.com
