

Burton & Ball

SHEFFIELD ENGLAND

GREENER GARDENING

new product press release May 2009 3 of 3

Compost Accelerator

Speed the Compost!

Burton & Ball's new **Organic Compost Accelerator** does exactly what it says on the tin – packed with natural active ingredients it gets to work breaking down your garden and kitchen waste into crumbly rich compost far more quickly than letting nature take its own turn.

Each 500g sack is enough to accelerate a 1 cubic metre heap. Simply apply a handful at a time, as you add to your heap.

RRP £7.95

Available from all good garden centres. For stockist and mail order information see website www.burtonandball.com
